More Information

1

It's simple. When booking, a deposit of 250€(Diamant) and 500€(Platin & Osmium) is due. Once the money is up, the order is considered fixed. The rest will be due after the wedding. The payment receipt fixes the commissioning on both sides. By booking, the [terms and conditions](#).

2

By placing the order, the client automatically agrees that Pia Sabath Photography may use all resulting images for portfolio purposes (such as portfolio books, websites, blogs, wedding blogs, social media).

3

The artistic latitude is at the discretion of the photographer, as long as no other written appointments have been made. The customer has informed himself in advance about the style of the photographer. I provide all processed images in jpg format (10 megapixels). In doing so, I create a collection of color and black-and-white photos as I feel. Delivery takes place as soon as possible, but about 3 – 4 weeks after the wedding.
